Dr Sir

We arrive regularly every day at
Post Office at 15 to 20 minutes to One Pm.
We use the elevator but 20 & not more than 30.
Minutes at utmost but we have the whole
\$100,000 stored in the vaults inside of 40.
Minutes. but the actual use of elevator
does not average 20 minutes each day -
you can judge for yourself we make
6 trips. each trip with 16 & 17,000 - & the time
can easily be computed as to how long it takes
to make a trip from the 1st to 2^d floor with the
elevator
